Less itch.
Less hassles.
It's fiber glass
insulation
made easy.

Quality made *certain*. Satisfaction guaranteed.™

EASY HANDLING—FABRIC COVERING PROTECTS FROM IRRITATION.

Want to make your next insulation job even easier? Choose EZR™ semi-encapsulated fiber glass insulation. It's energy-efficient fiber glass with a soft, touchable fabric on one side and a kraft vapor retarder on the other side to protect you during installation. So you experience less itch, less hassles and less dust.

EASY HANDLING, LESS IRRITATION.

The soft, smooth EasyTouch™ fabric surface protects you from dust that can cause itching. EZR is easy to handle, especially in tight spots; easy to cut, too.

EASY TO INSTALL.

EZR's friction-fit design and rigidity keep the product securely in the wall cavity and speed installation. No stapling required.

EXCELLENT ENERGY-SAVINGS.

Made of high-quality CertainTeed fiber glass insulation to achieve outstanding thermal performance.

GREENGUARD® CERTIFIED.

Third-party certified for superior indoor air quality, contributing very low levels of volatile organic compounds (VOCs) and other pollutants to the indoor environment.

EZR SPECIFICATIONS.

TYPE	R-VALUE	THICKNESS	WIDTH	LENGTH	COVERAGE
Kraft Faced Roll	13	3 1/2 in.	15 1/4 in.	31 ft.	40 sq. ft.

Perforated every 93" for use as a batt or roll.

HOW MANY PACKAGES DO YOU NEED?

	Example	Your Home
Area length	10 ft.	_____
Area width	x 15 ft.	x _____
Total sq. ft.	= 150 ft.	= _____
Divided by sq. ft. per pkg.	÷ 40	÷ 40 _____
Number of packages	= 4	= _____

THE RIGHT TOOLS.

For a fast, simple installation:

- Tape measure
- Disposable mask
- Straight edge
- Utility knife
- Protective glasses
- Work gloves & long sleeve shirt

EASY INSTALLATION.

1. Determine the appropriate width and length of insulation needed for your project.
2. Place the insulation between the framing with the kraft faced side toward the surface that is heated during the winter. (Check your local building code.)
3. Fit easily into place (do not compress).
No stapling required.
