

TAKE YOUR BUILDING ENVELOPE TO THE EXTREME.

CertainTeed CertaSpray™ Closed Cell Foam Insulation.

CertaSpray closed cell foam insulation is the newest addition to CertainTeed's complete line of quality insulation products.

As an all-in-one insulation air sealing system, CertaSpray foam insulation is designed to solve your extreme insulation requirements. CertaSpray foam is appropriate for whole house applications or in combination with fiber glass, and is supported by CertainTeed's Building Science professionals who are experts in recommending the best-performing thermal envelopes. Best of all, you get it all from an insulation leader you already know and trust—CertainTeed.

CERTASPRAY TAKES BUILDING ENVELOPE PERFORMANCE TO THE EXTREME THREE WAYS:

1. A high R-Value minimizes hot and cold spots in a home to improve efficiency and comfort.
2. Rigidity provides added structural integrity to walls.
3. As a secondary moisture vapor barrier, it helps reduce the risk of moisture intrusion in the wall cavity.

CertainTeed CertaSpray foam insulation is particularly ideal for complex cavities as well as small, hard-to-reach areas where air leakage can occur. With CertaSpray foam insulation in place, the overall thermal performance and structural integrity of your homes are improved.

THE CERTASPRAY FOAM ADVANTAGE.

- **No hassles, no callbacks.**
CertaSpray foam insulates and air seals in one step, installing quickly and easily by CertainTeed qualified contractors.
- **Distinguish your homes.**
When offered as an upgrade, CertaSpray closed cell foam insulation can set you apart from competition.
- **Part of an ENERGY STAR® home.**
CertaSpray foam is an energy-efficiency solution that helps meet your ENERGY STAR® requirements.
- **Build with confidence.**
You have the support and resources of CertainTeed's Building Science team to help you succeed.
- **Enhance your home's structural integrity.**
Due to its high density, CertaSpray foam provides added rigidity to the wall cavity.
- **All from a company you can trust.**
The choice of building professionals for more than 100 years.
