Built-in Performance

[**Be Certain**]™

Build with confidence. Work with products that perform so well, you're proud to put your name behind them. At CertainTeed, our commitment to providing quality products comes from Building Science. It's a whole-house and whole-building systems approach that helps make sure our products perform their best.

So whether it's a product that allows you to be more efficient on the job site or one with superior durability, **Be Certain** you're getting the performance you can count on, no matter what.

“ I appreciate that CertainTeed has online tools that help me illustrate my vision. I can show clients how I see their project with an easy click of the mouse. ”

Bethany Stough – Architect

Built-in Style

[**Be Certain**]™

Enhance your design. Find more inspiration. We understand that style is just as important as quality, so we offer you more tools to create your vision. In fact, we have hundreds of different styles of products – it's the kind of breadth that complements our unmatched quality.

Create custom exteriors with our easy online tool. Or just get inspired by successful case studies that feature our building products or by viewing our extraordinary photo gallery. So create. With CertainTeed, you can **Be Certain** your vision comes to life beautifully.

“ I can count on CertainTeed products to make me look good. The quality is unbeatable and I know that my customers will be happy for years to come. ”

Tom Whitmore — Builder

Built-in Energy Efficiency

[**Be Certain**]™

Cozy up. Homeowners want an energy-efficient space that is also comfortable. Sure, that means warm in the winter and cool in the summer. But it also means saving energy, which, in turn, saves them money.

High quality insulation plays a key role in any energy-efficient project. CertainTeed offers a full line innovative products that can greatly reduce energy consumption. Of course, using sustainable products also means being environmentally responsible in our manufacturing facilities. So **Be Certain** you are partnering with a company that is committed to bringing you sustainable, energy-efficient products.

“ We wanted to save on energy costs. So we invested in energy-efficient insulation that ended up saving us a bundle. Thanks, CertainTeed. ”

William Griffin – Homeowner

Built-in Sustainability

[**Be Certain**]™

An energy star is born. With over 70 manufacturing facilities in Canada and the United States, you can **Be Certain** you're getting time-tested, innovative products designed with a commitment to sustainability from beginning to end.

As a two-time ENERGY STAR® Partner of the Year, we can help you reduce your impact on the environment by offering interior and exterior building products that qualify for LEED and NAHB credits. All part of our commitment to Building Responsibly.™

Being sustainable is so important to us that we're constantly investing in new, innovative green products. We're committed to becoming your leading supplier of green building materials and systems. In fact, for more than 100 years, CertainTeed has provided sustainable, innovative solutions that improve energy efficiency and comfort today and for future generations.

“ When we built our new home, we looked for quality products that could keep our family comfortable but also were good for the environment. CertainTeed was perfect. ”

Alexandra Trax – Homeowner
