Mold-Resistant Drywall Tape

For Increased Mold Protection

- **Perfect compatibility** – Ideal for use with mold-resistant treated paper and paperless drywall.
- **Mold-Resistant** – Includes anti-microbial coating with increased mold protection for a safer environment.
- **Industry leading** – Perfect “10” rating on ASTM D3273 mold test.
- **Environmental Quality (EQ)** – Contributing component to an Indoor Air Quality (IAQ) management plan.
- **Greater protection** – Provides more mold protection than paper tape in moist environments.
- **Self-adhesive** – Easy application to joint surface prior to compound use.
- **Smooth finish** – Eliminates blisters and bubbles.

Mold-X10™ offers increased mold protection, backed by a perfect “10” rating.

Innovative solution for enhanced mold protection

FibaTape® Mold-X10™ Performance Features

- Ideal for use with mold-resistant treated paper and paperless drywall.
- Anti-microbial properties repel fungus and black mold, which can affect air quality.
- Perfect “10” rating on ASTM D3273 mold test (Standard Test Method for Resistance to Growth of Mold on the Surface of Interior Coatings in an Environmental Chamber).
- Easy self-adhesive application.
- For use with setting-type joint compounds
- Thin and strong for smooth, long-lasting joints.
- Available in 300' rolls in English/Spanish packaging.

Self-adhesive tape saves time by eliminating the need for a pre-bedding coat.
