

CertainTeed

TERMS AND CONDITIONS OF CONTRACTOR PARTICIPATION

CertainTeed's Roofing Responsibly Recycling Program is targeted for the inclusion of CertainTeed's credentialed contractors.

All participating contractors agree to the following terms and conditions as well as addendums to such terms and conditions, given sixty (60) days of notification.

- I. Participating contractors agree to incorporate CertainTeed's Roofing Responsibly marketing materials into homeowner presentations and proposals.
- II. Participating contractors agree to promote CertainTeed products and introduce CertainTeed ENERGY STAR® rated products to homeowners in conjunction with the recycling program. Participation requires that CertainTeed roofing products are included in 80% of re-roof jobs in conjunction with this recycling program.
- III. Credentialed contractors who apply for participation will have added to their profile, visible to homeowners, a recycling logo and short explanation. If after 120 days from applying there are less than ten (10) jobs processed, the logo will be removed.
- IV. Ongoing inclusion in CertainTeed's Roofing Responsibly program requires the processing of thirty (30) jobs annually. Contractors who do not attain this volume will be notified and agree that they can no longer promote CertainTeed's Roofing Responsibly program. With CertainTeed's Territory Manager's approval, a contractor who failed to meet the requirement can, at a later date, be conditionally reinstated to demonstrate compliance with terms and conditions.

TERMS AND CONDITIONS OF CONTRACTOR PARTICIPATION

PROGRAM DESCRIPTION

1. Your customer's street name and date of job will be posted on our list site to verify when their shingles have been recycled.
2. Job lists will be updated weekly. Asphalt Roof Recycling Center reserves the right to give phone verification should a customer call in to ask. (They must provide street name and date, and will be given a "yes" or a "no" answer. No other information is to be given out.)
3. Asphalt Roof Recycling Center does not give recommendations or referrals. We only verify that you are a registered contractor who recycles.
4. Contractor must complete an application packet that includes a blanket driveway waiver and a credit card on file form.
5. Dumpsters with excess non-roof debris or mixed cedar chips will incur a surcharge, and load will not be recycled. Repeat offenses may result in suspension of program.

You will be notified of any change in terms and conditions in writing. Failure to comply with any of the above rules will result in a warning. After three warnings, Asphalt Roof Recycling Center reserves the right to discontinue certification.
