

Easy selection. Long-term protection. And a #1 rating with building and remodeling professionals.

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years, and we have thousands of satisfied

homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Check out CertainTeed's ColorView.

ColorView is our interactive tool to help you visualize product style and color options. Using it is easy (and even a little fun). Just go to certainteed.com/colorview.

Integrity Roof System™
Give your home the best protection.

WinterGuard™
Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

Roofers' Select™
High-performance underlayment is a secondary barrier against leaks for the entire roof.

Shingles and Accessories
High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

Ventilation
Proper attic ventilation improves air circulation. Air Vent, Inc. ventilation products are recommended for use in connection with the Integrity Roof System™.

CertainTeed
Quality made certain. Satisfaction guaranteed.™

The are few ways to get an authentic wood shake look.

Landmark™ TL just happens to offer the best.

Beyond providing security, your home is where you work, rest and play. Why not give it the recognition it deserves with a roof that has a distinctly beautiful look? Landmark TL is a superior luxury shingle for replicating the rustic appearance of hand-split wood shakes. And as far as the protection it provides? That's superior, too.

Here's why Landmark TL is special:

Triple-layer construction Built with three laminated layers of the industry's strongest materials, you'll get a shingle that's beyond thick. In fact, you'll have a level of durability that's unparalleled.

True shake beauty Like a real wood shake, the thickness that gives Landmark TL unmatched durability also ensures its natural appearance.

The look of wood (minus the worry) Unlike wood, Landmark won't rot or decay, and it offers excellent wind and fire resistance. Plus, with StreakFighter™ it will protect your roof from streaking and discoloration caused by airborne algae.

Landmark TL. No other triple-layer shingle on the market has the look of a thick, butted wood shake. But more importantly, when you put it on your roof, few other homes around you will be quite as noticeable.

Lifetime Limited Transferable Warranty*

Provides coverage in event of manufacturing defects

15-Year StreakFighter™ Warranty

Protects against streaking and discoloration caused by airborne algae

10-Year SureStart™ Protection

Covers 100% of replacement and labor costs due to manufacturing defects

* See actual warranty for details and limitations.

A lot of living goes on in your home.
Not just any roof will do.

Color Companion Products™

Are you color coordinated? CertainTeed offers Flintastic® SA, a self-adhering, low-slope roofing product that color coordinates with our most popular shingles. It is available in eight colors, giving you the flexibility to coordinate areas such as porches, canopies and carports with your main roof.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.
