The Bufftech® Advantage

*Two innovative product lines under one great brand*

Long-lasting beauty, superior performance and the best protection you can get – that’s the Bufftech Advantage. Bufftech fence comes in an array of sophisticated styles, complementary colors and authentic TrueTexture™ finishes along with premium features to ensure it will outlast and outperform the competition. Bufftech also features a superior warranty including ColorLast® fade protection.

**Molded Fence**

Bufftech has reinvented fence manufacturing with its patented design of rotationally-molded fence, allowing realistic granite-stone and deep-grain wood textures molded from real wood and stone. Molded fence has very high impact-resistance and excellent sound absorption for quiet and secure outdoor living spaces and yards. These extremely durable privacy fences also offer fade-resistant colors and steel-reinforced sections.

**Extruded Fence**

Bufftech extruded fence is the undisputed leader in style, color and texture. Our innovative textures are molded from real wood to deliver the most authentic look available today. Fade-resistant colors, high-quality accessories, durable hardware and steel reinforced rails ensure a long-lasting installation. Extruded fence also offers SureStart™ protection, an exclusive CertainTeed benefit covering warranted repair and replacement costs, including labor, for five years after installation.

Chesterfield CertaGrain Texture in Timber Blend
Bufftech®
Molded Fence

The Bufftech Advantage starts with details.

Patented Construction
Rotationally-molded allowing realistic granite-stone appearance and dramatic wood texture.

Internal Reinforcement
with galvanized steel to withstand significant impact or wind load without compromising aesthetics.

Sound Barrier
Blocks 98% of direct sound.

Color & Texture
Bufftech fence products set the standard for the latest innovations in decorative privacy. From our proprietary manufacturing process to our vibrant colors, CertainTeed is the undisputed leader in color and texture. Our TrueTexture™ finish is molded from real wood and stone to deliver the most authentic look available today. Plus, Bufftech is virtually maintenance-free, and never needs staining or painting. For complete style and color specifications, see page 58.

Colors throughout this brochure are simulated. Consult product color samples before making final selection.
Performance

Bufftech’s molded fence is made with a proprietary blend of polyethylene plastic and is reinforced with galvanized steel. Our extremely durable fence creates solid privacy and security without compromising aesthetics.

With exclusive WindZone™ performance, Bufftech fence is engineered for use in high wind and hurricane conditions, as approved by Miami-Dade County NOA #20-0303.01*. Recognized as the most stringent standards in the country, Miami-Dade test protocols include dynamic wind load testing up to 115 mph.

The Bufftech line meets requirements of the ASTM and includes styles that comply with local codes for swimming pool applications. Check with your local building code official as local codes may vary.

Allegheny panels block 98% of direct sound, with an (STC) sound transmission class of 26, to create quiet spaces.

*Miami-Dade County-approved NOA #20-0303.01, for exceptional performance in high wind conditions. To comply with WindZone Performance, additional items are needed for installation. Please reference our product catalog. Expires 4/4/2023.

Peace of Mind

CertainTeed stands behind the Bufftech molded fence line with an exceptional lifetime limited warranty.

Bufftech Sherwood and Allegheny have CertainTeed’s ColorLast® fade protection. UV inhibitors protect against the sun’s harsh rays to maintain vibrant colors. Our polymers have been tested to withstand extreme weather conditions with little or no fading.

Graffiti resistance makes removing graffiti easy by using a high-powered pressure washer.

CertainTeed is actively pursuing strategies to reduce our environmental impact, while increasing the sustainability of our operations and products. CertainTeed conducted a Life Cycle Assessment (LCA) that was submitted to the National Institute of Standards and Technology (NIST) and was published in the building product LCA database, BEES (Building for Environmental and Economic Sustainability).

A company you can trust. For more than 100 years, homeowners and building professionals alike have relied on CertainTeed as a trusted source of innovative, high-quality building products. Bufftech®, continues this long-standing tradition with its superior fence line, proudly made in the U.S.A.
Allegheny®

Bufftech’s patented design of rotationally-molded fence allows realistic stone appearance and superior performance. Allegheny has excellent impact-resistance and creates an excellent sound barrier.

Panel Sizes: 6’ x 6’, 4’ x 8’
Heights: 4’ & 6’
Stackable: 8’ & 12’
Steel Reinforced Panels
4’x 8’ and 6’x6’ panels are stackable.
Sherwood

Bufftech’s patented design of rotationally-molded fence allows realistic wood appearance and superior performance. Extremely durable, Sherwood provides excellent sound absorption for a quieter outdoor space.

Panel Sizes: 6’ x 6’, 4’ x 8’
Heights: 4’ & 6’
Stackable: 8’
Steel Reinforced Panels
4’x 8’ panels are stackable.
Gates

1.5” x 1.5” galvanized internal steel frame

Bufftech offers Gates in 3’, 4’, 5’ and 6’ widths and may be double hung for 7’, 8’, 9’, 10’, 11’ or 12’ openings.

Gates include premium stainless steel hardware, self-closing hinges and pad lockable latch.

Color & Texture

CertainTeed sets the standard for the latest innovations in sophisticated styling. From our proprietary texturing process to our unique shades and stain blends, CertainTeed is the undisputed leader in color and texture. Our TrueTexture™ finish is molded from real wood to deliver the most authentic look available today. Benefit from the power to mix and match post and picket colors for a more unique look. Plus, Bufftech is virtually maintenance-free, and never needs staining or painting. For complete style and color specifications, see page 58.

The Bufftech Advantage starts with details.

Precision Routing assures a clean, realistic look without visible glue or screws.

Heavyweight Pickets provide impact resistance and reduces movement.

Internal Reinforcement limits sagging and maintains a strong and sturdy performance.

Color and Texture leader featuring three finishes and eleven colors.

Performance

Bufftech’s premium features, including high-quality raw materials, reinforced rails, heavyweight pickets, routed rails and fence posts, and concealed fasteners, ensure it will outlast and outperform other vinyl fences.

With exclusive WindZone™ performance, Bufftech fence is engineered for use in high wind and hurricane conditions, as approved by Miami-Dade County NOA #20-0303.02*. Recognized as the most stringent standards in the country, Miami-Dade test protocols include dynamic wind load testing up to 115 mph.

The Bufftech line also meets requirements of the ASTM and includes styles that comply with local codes for swimming pool applications. Check with your local building code official as local codes may vary.

Bufftech panels block 98% of direct sound, with an (STC) sound transmission class of 21, to create quiet spaces.

Peace of Mind

CertainTeed stands behind the Bufftech line with an exceptional lifetime limited transferable warranty. SureStart™ protection, an exclusive CertainTeed benefit, covers warranted repair and replacement costs—including labor, for five years after installation.

CertainTeed also guarantees the performance of Bufftech’s darker colors and stain blends with our proprietary ColorLast® fade protection, a state-of-the-art acrylic formulation that provides superior protection from the harsh rays of the sun.

CertainTeed is actively pursuing strategies to reduce our environmental impact, while increasing the sustainability of our operations and products. CertainTeed conducted a Life Cycle Assessment (LCA) that was submitted to the National Institute of Standards and Technology (NIST) and was published in the building product LCA database, BEES (Building for Environmental and Economic Sustainability).

A company you can trust. For more than 100 years, homeowners and building professionals alike have relied on CertainTeed as a trusted source of innovative, high-quality building products. Bufftech® continues this long-standing tradition with its superior fence line, proudly made in the U.S.A.

Bufftech offers a wide selection of residential gates designed to match all of our fence styles, in a choice of heights and widths. Beautiful and durable, Bufftech gates deliver easy installation and great performance. Choose from unassembled gate kits or pre-assembled gates that ship ready to install.

### Stainless Steel Gate Hardware

Give your gate the old-world look of wrought iron with our rugged, rust-free stainless steel gate hardware. The hardware includes hinge, strike and latch and is available in Black Pebble.

### High Performance Nylon Gate Hardware Kits

Versatile and virtually maintenance free, our premium nylon gate hardware offers key lockable latches, self-closing hinges and contoured gate handles. Available in Black.

---

**Heavy Duty Aluminum Frame Construction**

- Aluminum post insert adds strength and simplifies installation
- Heavy-duty internal aluminum frame for both gate kits and pre-assembled gates
- Stainless steel fasteners prevent corrosion

- New England
- Flat Internal

Textured Caps
- Textured New England
- Textured Flat Top External

Solar Post Caps & Lighting
Eco-friendly LED lights provide the ultimate in solar-powered accent lighting. Batteries included.

- White*
- Black*

*Fits both 4” x 4” and 5” x 5” post sizes. Adapter included.
Happily ever after.

When you choose CertainTeed fence products for your home, you open a wide world of color and style options to express your personal design preferences. Add that to the industry-leading quality and low-maintenance performance of Bufftech and you rest assured knowing that your family will enjoy the beautiful sanctuary you have created for years to come.
Invest in quality for a lifetime.

Not all fence is the same. Bufftech® continues this long-standing tradition with its superior fence line, proudly made in the U.S.A. A building industry leader for over 100 years, CertainTeed stands behind the Bufftech line with the exceptional SureStart™ protection† for performance, including labor; lifetime limited warranty; and ColorLast® fade protection for colors and stain blends.

Not all fence product warranties are the same. For example, many fence manufacturers offer a limited lifetime warranty but do not cover labor costs to remove and replace a defective fence. By selecting Bufftech fence, you will gain peace of mind knowing that you and your home are protected for a lifetime.

*Refer to the Bufftech Lifetime Limited Warranty to review the terms of coverage.
**Bufftech extruded only.

*Bufftech extruded only.
Contrary to what you might think, Bufftech fence is actually less expensive than wood fence. Although investing in a fence may cost you more initially, this is where your expense ends. Backed by a lifetime limited warranty, you can enjoy your fence for many worry-free years.

Cost includes fence price averaged over 20 years plus maintenance and repair costs. Cost is expressed as a percentage.
