15/16" Wall Angle

#### CROSS TEE

#### 15/16" WALL ANGLE

The Classic Stab System features the 15/16" (24 mm) face width that is widely used in interior designs today. Strong staked-on end tabs are incorporated into the cross tee design to provide quick and easy installation with optimal tightness among installed components.

#### FEATURES & BENEFITS

- Double web design for durability and strength
- Cross tees feature staked-on end tabs for optimal tightness and ease of installation
- Intermediate- and heavy-duty load-bearing capabilities
- Stepped-end design featured on cross tees
- Grid features G30 hot-dipped galvanized steel web construction for corrosion resistance
- Available in standard white and black
- Suitable for all seismic applications
- Compliant with ICC ESR 3336 L.A. Research Report number 25978
- High recycled content - 3rd party certified

## MAIN RUNNERS

### ICC EVALUATION SERVICE, INC., REPORT COMPLIANCE

Suspension systems manufactured by CertainTeed Ceilings have been reviewed and are approved by listing in ICC-ES Evaluation Report ESR-3336. CertainTeed Ceilings suspension systems have been reviewed and are approved by listing in L.A. Research Report number 25978. Evaluation Reports are subject to reexamination, revision and possible cancellation. Refer to [CertainTeed.com/Ceilings](http://CertainTeed.com/Ceilings) for current reports.
