

Notes:

1. This detail is appropriate for hot-asphalt, torch-welded, and cold process applications. For self-adhered systems, adapt modifications addressed in Section 5 of Construction Details.
2. See flashing specs in Appendix 1.
3. Nail Base Sheet 9" o.c. through tin-discs in all directions over plywood.
4. Nail Cap Sheet 9" o.c. through tin-discs along top edge of curb.
5. Apply a coat of Flintbond 1/8" thick 5" wide to cover fastener heads and embed one 4" wide strip of ply felt. Apply a final coat of Flintbond 7" wide and 1/8" thick over ply felt. All side and end laps shall be 4".
