Corner System

NO-COAT[®] PRO

Automatic Drywall Corner System

REVOLUTIONIZING THE DRYWALL INDUSTRY ONE CORNER AT A TIME.

NO-COAT[®] PRO uses **NO-COAT[®] PRO CORNER** to produce ready-to-install corners with joint compound applied, cut to any length. It is the first and only automated system for custom cutting corners of any length or angle. Its lightweight portability makes it easy to move on the jobsite. Used in conjunction with **NO-COAT PRO CORNERS**, it is simply the fastest and most efficient cornering system available.

Replaces pre-cut stick lengths and roll products with one simple 250' (76.2 m) roll.

NO-COAT[®] PRO CORNER

is designed to work exclusively with the **NO-COAT PRO**. This flexible roll product is ideal for production work, long columns and soffits. When used with the **NO-COAT PRO** machine, production time is dramatically shortened and jobsite waste is greatly reduced.

Applications

- Outside and inside 90°, off-angles and long spans

Features/Benefits

- Extra stiff profile provides easy application for long spans
- Durable - won't crack or dent
- Produces seamless soffits
- Wide flange covers large gaps and poor framing
- Built-in flexible hinge adjusts to fit any inside or outside corner angle
- SLAM[®] corner design ensures strength, durability, labor savings and eliminates costly callbacks

Product Details

- 3.75" wide x 250' roll (9.5cm x 76.2m)

Lightweight

Productivity

5 gallon (19 L) hopper is easy to fill, clean and cap for overnight mud storage

Powered by convenient 110 volts

Easy-to-use, trilingual keypad simplifies operation and stores custom measurements

Comes with handy remote control.

35 lb without the hopper. Fits in a gang box.

Installation tip: use a roller for best results.

INSIDE 90

OUTSIDE 90

OFF-ANGLES

Made With **SLAM** TECHNOLOGY.

Trust Every Corner to CertainTeed

CertainTeed
SAINT-GOBAIN

Gypsum

CertainTeed's line of structural laminate corners — combined with water-activated corners and automation technologies — save money on call backs and are more aesthetically appealing over the long-term. The durability and installation efficiency of these products make them ideal for both residential and commercial building applications.
