Siding: Double 7" Straight Edge Perfection Shingles in heritage cream.

Cedar Impressions Perfection Shingles create the subtle, yet strikingly elegant, appearance of natural cedar. A style once reserved for the finest homes, the stately look of perfection shingles is one of exacting craftsmanship. Clean edges and smooth lines complement the quiet beauty of the natural wood textures. In a straight edge design, perfection shingles create a more refined look.

Reminiscent of the days when cedar shakes were split by hand, Cedar Impressions Rough-Split Shakes dress a home in a rustic style that enhances a home’s natural charm. The wood textures are deeper and more visible, drawing the eye with their intricate, ever-varying patterns and deep shadow lines. Staggered profiles have the authentic styling of fresh-cut wood.
