

COOL AND FRESH

Blues, greens and cool grays create the peaceful look of calm water under a clear sky. They work especially well in northern and coastal areas where natural light changes more dramatically with the seasons. Trim in a cool neutral tone (for example, charcoal gray or sterling gray) provides an attractive counterpoint to more colorful siding – think pacific blue, forest or spruce.

Monogram Double 4" Clapboard in pacific blue with Vinyl Carpentry trim in colonial white. Grand Manor Roof Shingles in colonial slate complement the dark blue siding, and warm brown doors work well as accents to this cool-toned home.

Cedar Impressions Double 7" Perfection Shingles in seagrass with Vinyl Carpentry in colonial white and Restoration Millwork accents in natural white. This home blends well with the surrounding greens of the landscaping.
