Matterhorn Metal Roofing

Cool Roof Shingles

CertainTeed offers options in the GOOD, BETTER and BEST tiers that will fit your needs and exceed your expectations.

Exceptional Protection, No Matter The Project
The CertainTeed Cool Roof Shingle Collection is a brilliant breakthrough that puts cool roof technology to work for you. Plus, our palette of rich, authentic colors makes it an easy choice for eco-friendly living.

The secret is in CertainTeed’s advanced roofing granules that reflect solar energy and radiant heat far better than traditional roofing shingles, reducing your roof’s temperature in the summer.

Choose from three spectacular solar shingle line-ups.

**Good:** Landmark Solaris

**Better:** Landmark PRO Solaris and Presidential Shake Solaris

**Best:** Landmark Solaris Platinum, with an industry leading solar reflectance value of over 40%, Presidential Shake TL Solaris, Landmark TL Solaris and Matterhorn metal roofing.

CertainTeed Cool Roof Shingles are ecologically smart, beautifully durable, and architecturally ideal for sunny climates or anywhere solar heat is a challenge.

So cool, it’s rated for rebates.

CertainTeed Cool Roof Shingles are rated by the Cool Roof Rating Council (CRRC) for cool roofs and can be used to comply with the 2019 California Title 24 Part 6 Cool Roof Requirements.

Some colors can be used to comply with Los Angeles County, California Title 31 cool roof requirements for steep-sloped residential construction.

CertainTeed Cool Roof Shingles may qualify for credits/points in LEED®, NAHB® and other “green” programs.

And some utility companies offer a rebate for CertainTeed Cool Roof Shingles that can put as much as $600 back into a homeowner’s pocket for an average 3,000 sq. ft. roof.

Some CertainTeed Cool Roof Shingles are also ENERGY STAR qualified roof products that meet both solar reflectance and thermal emissivity requirements.
