Safety Data Sheet

Section 1: Identification

Product identifier

Product Name
• Mechanical/Industrial/OEM – Sustainable Insulation - CT10167-3

Synonyms
• Canadian Metal Building Insulation [Sustainable Binder]; CertaPro® AcoustaBlanket™ Black; CertaPro® Board; Commercial Blanket Insulation (CBI); Flex Duct Media (FDM); Marine Ductwrap Insulation; Metal Building Insulation 202-96; SoftTouch™ Duct Wrap Insulation; ToughGard® R Duct Liner; Universal Blanket; Universal Liner R; WideWrap™ Duct Wrap Insulation
• Literature Code: 30-37-004.

Relevant identified uses of the substance or mixture and uses advised against

Recommended use
• Acoustical & Thermal Insulation

Details of the supplier of the safety data sheet

Manufacturer
• CertainTeed Corporation
  20 Moores Road
  Malvern, PA 19355
  United States
  www.certainteed.com
  CertainTeed-EHS@saint-gobain.com

Telephone (General)
• 610-893-6000

Emergency telephone number

Manufacturer
• 800-424-9300 - CHEMTREC

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture

OSHA HCS 2012
• Not classified

Label elements

OSHA HCS 2012

Hazard statements
• No label element(s) required

Other hazards

OSHA HCS 2012

Canada
According to: WHMIS

Classification of the substance or mixture
WHMIS

Label elements

WHMIS

• Not classified

No label element(s) required

Other hazards

WHMIS

• In Canada, the product mentioned above is not considered hazardous under the Workplace Hazardous Materials Information System (WHMIS).

Section 3 - Composition/Information on Ingredients

Substances

• Material does not meet the criteria of a substance.

Mixtures

Section 4: First-Aid Measures

Description of first aid measures

Inhalation

• Remove to fresh air immediately and notify medical personnel and supervisor. If breathing is difficult, give oxygen. Give artificial respiration if victim is not breathing.

Skin

• After contact with skin, take off immediately all contaminated clothing and wash immediately with plenty of soap and water. If irritation develops and persists, get medical attention.

Eye

• Do not rub or scratch your eyes. Immediately flush eyes with plenty of water for at least 15 minutes and notify medical personnel and supervisor.
Ingestion

- Consult a physician if unusual reaction is noted. Product is not intended nor is it likely to be ingested or eaten.

Most important symptoms and effects, both acute and delayed

- Refer to Section 11 - Toxicological Information.

Indication of any immediate medical attention and special treatment needed

Notes to Physician

- All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Section 5: Fire-Fighting Measures

Extinguishing media

Suitable Extinguishing Media

- Use any media suitable for the surrounding fires.

Unsuitable Extinguishing Media

- No data available.

Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards

- Does not support combustion. These products contain a cured binder and various facings which contain retardant systems to reduce the possibility of fire. Use of plasma or other type of cutting tool may cause the release of toxic fumes and smoke. Facings on these products may burn. Do not leave facing exposed when working close to an open flame. If burned, the materials could release toxic fumes.

Hazardous Combustion Products

- If burned, the materials could release toxic fumes and smoke. The binder and kraft facings combustion products include carbon-dioxide, hydrogen chloride, carbon monoxide and molecular fragments of hydrocarbon particles, carbon-hyrdogen-nitrogen and nitrogen-oxygen compounds. Comparative animal inhalation toxicity studies of combustion products on a number of CertainTeed fiber glass insulation products found the insulation products to be no more toxic than wood based on incapacitation and mortality.

Advice for firefighters

- Fire fighters should avoid inhaling any combustion products.
  Fire fighters should wear full-face, self contained breathing apparatus and impervious protective clothing.
  Treat as residential building materials.

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions

- Avoid contact with skin and eyes during clean-up. Take proper precautions to minimize exposure by using appropriate personal protective equipment.

Emergency Procedures

- Persons not wearing appropriate protective equipment should be excluded from area of spill until clean-up has been completed. Ventilate the contaminated area.

Environmental precautions

- Avoid run off to waterways and sewers.

Methods and material for containment and cleaning up

Containment/Clean-up Measures

- Containment of this material should not be necessary. Remove sources of ignition. Collect dust or particulates using a vacuum cleaner with a HEPA filter. Avoid the generation of dusts during clean-up.

Section 7 - Handling and Storage

Precautions for safe handling
Handling

- Do not breathe dust from this material. Keep this product from heat, sparks, or open flame. Use this product with adequate ventilation. Always wash work clothes separately from other clothing. Wipe out the washer or sink to prevent loose glass fibers from getting on other clothing. Wash thoroughly after handling. Use personal protective equipment as described in Section 8.

Conditions for safe storage, including any incompatibilities

Storage

- Store in a dry place and under cover to protect product.

Incompatible Materials or Ignition Sources

- Hydrofluoric acid.

Section 8 - Exposure Controls/Personal Protection

Control parameters

**Engineering Measures/Controls**
- Use general ventilation and use local exhaust, where possible, in confined or enclosed spaces. Avoid spread of fiber glass dust.

**Personal Protective Equipment**
- Respiratory: A properly fitted NIOSH (American National Institute For Occupational Safety And Health) approved disposable N 95 series dust respirator such as type 3M 8210 (formerly 8710) or 3M 8271 (formerly 9900) respirators should be used under any dust environment or during a process that generates dusts. Use respiratory protection in accordance with the respiratory protection program of your company, local regulations and OSHA regulations under 29 CFR 1910.134.
- Eye/Face: Safety glasses with side shields should be worn at a minimum. In dusty environments chemical goggles should be worn.
- Hands: Leather or cotton gloves may be worn to prevent skin contact and irritation.
- Skin/Body: Work clothing sufficient to prevent all skin contact should be worn, such as coveralls, long sleeves and cap.

**General Industrial Hygiene Considerations**
- Use good industrial hygiene practices in handling this material. Availability of eye wash fountains are recommended. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.

**Environmental Exposure Controls**
- Follow best practice for site management and disposal of waste. Controls should be engineered to prevent release to the environment, including procedures to prevent spills, atmospheric release and release to waterways.

**Other Information**
- This product contains a chemical known to the State of California to cause cancer. Fiber glass wool may cause temporary skin, eye, throat and upper respiratory irritation. In 2001, the International Agency for Research on Cancer (IARC) reclassified glass wool as Group 3, not classifiable as to carcinogenicity to humans. In 2012 a similar action was taken by the U.S. National Toxicology Program (NTP) and the California Office of Environmental Health Hazard Assessment (OEHHA).

**Key to abbreviations**
- ACGIH = American Conference of Governmental Industrial Hygiene
- NIOSH = National Institute of Occupational Safety and Health
- STEL = Short Term Exposure Limits are based on 15-minute exposures
- TWAEV = Time-Weighted Average Exposure Value

Section 10: Stability and Reactivity

Reactivity
- No dangerous reaction known under conditions of normal use.

Chemical stability
- Stable under normal conditions of use.

Possibility of hazardous reactions
- Hazardous polymerization not indicated.

Conditions to avoid
- Keep away from heat, ignition sources and incompatible materials.

Incompatible materials
- Hydrofluoric acid.

Hazardous decomposition products
- Hazardous decomposition products may include oxides of carbon, sulfur and other potentially volatile organic compounds, oxides of arsenic, oxides of nitrogen, hydrogen chloride, antimony, bromide gas, hydrogen bromide, formaldehyde, and trace hydrogen cyanide.

### Potential Health Effects

#### Inhalation

**Acute (Immediate)**
- Temporary irritation of nose and throat may occur.

**Chronic (Delayed)**
- Chronic overexposure to dusts of this material in excess of published exposure limits may cause lung damage/disease, including decreased lung function.

#### Skin

**Acute (Immediate)**
- Temporary irritation of the skin may occur in some individuals.

**Chronic (Delayed)**
- No data available.

#### Eye

**Acute (Immediate)**
- Temporary irritation or redness may occur.

**Chronic (Delayed)**
- No data available.

#### Ingestion

**Acute (Immediate)**
- Ingestion of this product unlikely.

**Chronic (Delayed)**
- Ingestion of this product unlikely.

#### Carcinogenic Effects
- This product contains antimony trioxide which may cause cancer based on sufficient animal data. However, this ingredient is bound within the product matrix and exposure to it unlikely under normal conditions. This product contains glass wool insulation.
fibers. Following a thorough review of all the medical-scientific data available at a meeting in October 2001, the IARC panel lowered the classification for glass wool insulation fibers from a Group 2B classification ("possibly carcinogenic to humans") to a Group 3 classification ("not classifiable as to carcinogenicity to humans"). According to IARC, there is "no evidence of increased risks of lung cancer or of mesothelioma from occupational exposures during manufacturing of these materials, and inadequate evidence overall of any cancer risk." U.S., California and international authorities have all agreed that biosoluble and inhalable glass fibers should not be labeled as a possible cancer hazard. The U.S. National Toxicology Program ("NTP") and the California Office of Environmental Health Hazard Assessment ("OEHHA") actions mean that a cancer warning label for biosoluble fiber glass is no longer required under Federal or California Law.

Section 12 - Ecological Information

Toxicity

- Binder-coated fiber glass is hydrophobic, therefore, no adverse environmental effects would be expected if this product were accidentally released in the water or soil. No harm to fish or wildlife would be caused by this product.

Persistence and degradability

- No information available for the product.

Bioaccumulative potential

- No information available for the product.

Mobility in Soil

- No information available for the product.

Other adverse effects

Potential Environmental Effects

- No environmental effects expected.

Section 13 - Disposal Considerations

Waste treatment methods

Product waste
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Packaging waste
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Section 14 - Transport Information

• Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
• Glass, oxide, chemicals 65997-17-3 Not Listed
• Glass, oxide, chemicals as Glass wool fiber Not Listed

U.S. - CERCLA/SARA - Section 302 Extremely Hazardous Substances EPCRA RQs
• Poly(oxy-1,2-ethanediylxoycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
• Antimony oxide 1309-64-4 Not Listed
• Antimony oxide as Antimony compounds Not Listed
• Antimony oxide as Antimony oxides Not Listed
• Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
• Glass, oxide, chemicals 65997-17-3 Not Listed
• Glass, oxide, chemicals as Glass wool fiber Not Listed

U.S. - CERCLA/SARA - Section 302 Extremely Hazardous Substances TPQs
• Poly(oxy-1,2-ethanediylxoycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
• Antimony oxide 1309-64-4 Not Listed
• Antimony oxide as Antimony compounds Not Listed
• Antimony oxide as Antimony oxides Not Listed
• Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
• Glass, oxide, chemicals 65997-17-3 Not Listed
• Glass, oxide, chemicals as Glass wool fiber Not Listed

U.S. - CERCLA/SARA - Section 313 - Emission Reporting
• Poly(oxy-1,2-ethanediylxoycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
• Antimony oxide 1309-64-4 Not Listed
• Antimony oxide as Antimony compounds Not Listed
• Antimony oxide as Antimony oxides Not Listed
• Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
• Glass, oxide, chemicals 65997-17-3 Not Listed
• Glass, oxide, chemicals as Glass wool fiber Not Listed

U.S. - CERCLA/SARA - Section 313 - PBT Chemical Listing
• Poly(oxy-1,2-ethanediylxoycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
• Antimony oxide 1309-64-4 Not Listed
• Antimony oxide as Antimony compounds Not Listed
• Antimony oxide as Antimony oxides Not Listed
• Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
• Glass, oxide, chemicals 65997-17-3 Not Listed
• Glass, oxide, chemicals as Glass wool fiber Not Listed

U.S. - RCRA (Resource Conservation & Recovery Act) - Hazardous Constituents - Appendix VIII to 40 CFR 261
• Poly(oxy-1,2-ethanediylxoycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
• Antimony oxide 1309-64-4 Not Listed

**United States - California**

### Environment

**U.S. - California - Proposition 65 - Carcinogens List**

- Poly(oxy-1,2-ethanediyoxyxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 carcinogen, 10/1/1990
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber not significant risk levels (NSRL)

### U.S. - California - Proposition 65 - Developmental Toxicity

- Poly(oxy-1,2-ethanediyoxyxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber |

### U.S. - California - Proposition 65 - Maximum Allowable Dose Levels (MADL)

- Poly(oxy-1,2-ethanediyoxyxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber |

### U.S. - California - Proposition 65 - No Significant Risk Levels (NSRL)

- Poly(oxy-1,2-ethanediyoxyxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber |

### U.S. - California - Proposition 65 - Reproductive Toxicity - Female

- Poly(oxy-1,2-ethanediyoxyxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber |
U.S. - California - Proposition 65 - Reproductive Toxicity - Male

- Poly(oxy-1,2-ethanediylloxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber Not Listed

Labor

U.S. - Pennsylvania - RTK (Right to Know) - Environmental Hazard List

- Poly(oxy-1,2-ethanediylloxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber Not Listed

U.S. - Pennsylvania - RTK (Right to Know) - Special Hazardous Substances

- Poly(oxy-1,2-ethanediylloxycarbonyl-1,4-phenylenecarbonyl) 25038-59-9 Not Listed
- Antimony oxide 1309-64-4 Not Listed
- Antimony oxide as Antimony compounds Not Listed
- Antimony oxide as Antimony oxides Not Listed
- Acetic acid, vinyl ester, polymer 9003-20-7 Not Listed
- Glass, oxide, chemicals 65997-17-3 Not Listed
- Glass, oxide, chemicals as Glass wool fiber Not Listed

Other Information

- WARNING: This product contains a chemical known to the State of California to cause cancer.

Section 16 - Other Information

Revision Date: 06/July/2016
Preparation Date: 29/October/2012

Disclaimer/Statement of Liability

- Reasonable care has been taken in the preparation of this information, but the supplier gives no warranty of merchantability or of fitness for a particular purpose. Any product purchased is sold on the assumption the purchaser will make his own tests to determine the quality and suitability of the product. Supplier expressly disclaims any and all liability for incidental and/or consequential property damage arising out of the use of this product. No information provided shall be deemed to be a recommendation to use any product in conflict with any existing patent rights. Read the Safety Data Sheet before handling product.
