Welcome to the Decking & Railing Collection.

For more than 100 years, homeowners and building professionals have trusted CertainTeed for the highest quality building products, and continually setting the standards for exciting innovations in style and performance.

Today, that spirit of innovation comes to life in the CertainTeed Decking & Railing Collection with the industry’s leading array of colors, styles, and performance. The EverNew® railing product lines offer a combination of superior quality and style that has become the premier choice of homeowners and building professionals.

The comforts of home are no longer defined by four walls. Outside living spaces are “in” as porches, yards and gardens are transformed into beautiful open-air rooms. If you’re longing for the joys of fresh air living, CertainTeed can help. Our Living Spaces® exterior products suite, including siding, soffit and accessories, porch, decking, railing, fence and roofing products, offers everything you need to create and define your own great outdoors.

Our CertainTeed CurbAppeal™ exterior products include everything you need for a well-coordinated design that blends authentic styles and textures, sustainable products and the broadest color selection on the market. CertainTeed products are engineered to stay beautiful season after season, creating wonderful outdoor living spaces with minimal maintenance and more time to connect with family and friends.

Adding Color to your space…

Dramatic dark railing colors

EverNew’s dark colors are designed to complement almost any deck color. Rustic rose, a deep red brown, and warm spice, a rich yellow-brown are available in both Oxford and Kingston. And our darkest color, black, is available in all railing product lines, including Panorama®.

No matter what deck material or color you use, EverNew® has a railing to coordinate.

Complement your deck with EverNew railing colors.

- Black
- Rustic Rose
- Warm Spice
- Clay
- Almond
- White

Color Note: When installing dark colored product, keep stored in a shady/cooler area and out of direct sunlight prior to installation.
EverNew railing products are designed to maintain performance that lasts to provide years of worry-free enjoyment. Durable, our railing and deck systems are engineered for quality and performance. Safe, secure and CertainTeed products meet stringent requirements established by the ICC. The Panorama® composite EverNew railing systems comply with the standards code requirements.

Meeting the standards of the ICC

The ICC (International Code Council) is an independent, nonprofit organization responsible for the development of national model construction codes. The ICC Evaluation Service, Inc. (ICC-ES) is the leading source of technical information on building codes, products and technology in the United States. ICC-ES conducts technical evaluations of building products, components, methods and materials. Building industry professionals look to ICC-ES evaluation reports for evidence that products and systems meet code requirements.

EverNew railing systems have undergone third party testing as designated respectively in reports CCRR-0115, CCRR-0187 and CCRR-0211.

Details make the difference

EverNew railing offers everything you need to install with confidence:
- Heavy-duty rails offer exceptional durability
- Secure rail-to-post connections
- Stainless-steel and aluminum rail mount brackets provide added strength
- Concealed hardware won’t rust or corrode
- Railing heights approved for deck, balcony, porch and stair applications
- Features “on-center” post spacing
- Class A flame-spread rating for a safer outdoor environment
- Outstanding warranty coverage with exclusive SureStart™ parts and labor protection
- Splinter-free surfaces
- Easy to install and clean
- Virtually maintenance-free; no painting or staining
- Safe and secure
- Consistent quality and appearance

EverNew railing is designed to keep its good looks for years to come, without a lot of maintenance. It won’t warp, rot, split or corrode, and it never needs staining or painting.

With EverNew, you can rest assured that years from now our products will perform as beautifully and securely as the day they were installed. CertainTeed stands behind the EverNew decking and railing products with exceptional warranty protection, for your added assurance of quality and safety.

Choose the EverNew system that’s right for you

**Vinyl:**
- Durable construction – weatherable vinyl exterior with aluminum reinforced rails offers low maintenance
- Precision-fit components provide a snug, secure fit with fast and easy installation
- Safe and sound metal-to-wood and metal-to-metal rail-to-post connections
- Convenient packaging in complete section boxed kits
- Wide variety of accessories, including posts, caps, and post trims that coordinate with all railing systems

**Capped composite:**
- Solid construction – a blend of PVC and recycled wood flour with high-quality weatherable capstock for low maintenance
- Precision-drilled components provide fast and easy installation
- Secure metal-to-wood rail-to-post connection
- Convenient packaging in complete section boxed kits or packs for easy color mixing and matching
- Designed to work with a variety of vinyl accessories, including posts and handrail

The Panorama® capped composite railing system features a classic painted wood railing design with handcrafted authenticity and true architectural details you won’t find on any other composite railing. Panorama’s concealed, corrosion-resistant stainless steel hardware provides a seamless appearance and years of worry-free performance. Panorama integrates with CertainTeed’s vinyl accessories, allowing you to create exciting new exterior designs.

- Classic painted wood style with true architectural details
- Top and bottom universal rails with a decorative top rail cap
- Concealed external rail-to-post connection for flat, stair, column and 45° applications
- Features “on-center” post spacing
- Powder-coated, hot-dipped galvanized steel decorative balusters create a rustic yet customizable system approach for both flat and stair applications
- Suitable for one- and two-family dwellings/townhouses not more than three stories high
- Independent tested as designated in report CCRR-0115
- Class A flame-spread rating
- 25-year limited warranty with 2-year SureStart™ protection
- Choice of two baluster styles: square composite and decorative steel
- Available in two heights and two lengths
- Available in three colors: white, almond and black

**VINYL ROUTED RAILING SYSTEM**

For safe, secure vinyl railing applications, there’s no better choice than the Oxford routed system. The routed Oxford system features a unique internal rail-to-post connection and hidden hardware, so there are no unsightly brackets to detract from the look of the railing. The aluminum reinforced rail connects to a sturdy galvanized post support kit inside the routed post, for a completely concealed metal-to-metal connection.

- "T"-rail top and 2 x 4 bottom rail with hidden hardware system
- Aluminum reinforced rail connects to sturdy galvanized steel post support kit inside the routed post
- Posts routed specifically for all post applications
- Features "on-center" post spacing
- Suitable for residential and commercial applications – including multifamily and over three story installations
- Canadian railing code compliant up to 8’ span for exterior guard rail system for one- and two-family dwellings
- Independent tested as designated in report CRRR-0187
- Meets IBC standards for building safety
- Class A flame-spread rating
- Lifetime limited transferable warranty with 5-year SureStart™ protection
- Choice of four baluster styles: square, classic (white and almond only), glass (clear or smoked), and round aluminum
- Available in two heights and three lengths
- Available in six colors: white, almond, clay, warm spice, rustic rose and black

Color Note: When installing dark colored product, keep stored in a shady/cooler area and out of direct sunlight prior to installation.
Post caps and trims

Aluminum reinforced top and bottom rail*
- 6' and 8' Lengths standard in flat, stair and steep stair
- 10' Lengths standard in flat and stair

Rail plate
- Made of stainless steel
- Screw flange secures top rails inside post
- Oval cut out works for all flat and stair applications

E-Z Set brackets
- Made of aluminum
- Keeps post square and snug

Sturdy post support pipe
- Hot-dipped galvanized steel
- 1-5/8" Outside diameter

Baluster styles
- Square
- Round aluminum baluster
- Classic baluster (white and almond only)
- 4" tempered glass baluster infill
  - Clear available in 3-1/2' only
  - Smoked available in 3-1/2' only

Weather-resistant vinyl post sleeve
- Square available in 3' and 3-1/2' heights

Secure post mounting systems
- Post support kits provided for both wood and concrete applications

Attractive precision-fit components

Baluster hole spacing
- Top and bottom rails are routed to accept balusters
- Stair baluster spacing is wider to account for racking

Stair/step section
- Post center spacing on diagonal: 6' section covers 68° at 32°
- 8' Section covers 90° at 32°, 10' section covers 117° at 32°
- 6' Section covers 71° at 42°, 8' section covers 95° at 42°

*Refer to product matrix for actual product specifications.
Oxford

VINYL BRACKETED RAILING SYSTEM

Designed for use with existing wood posts, the Oxford bracketed railing system offers everything you need for a safe and secure railing installation. Oxford goes the extra mile with standard features like concealed aluminum rail mount brackets and stainless steel screws, for long-lasting strength and peace of mind.

- "T"-rail top and 2 x 4 bottom rail for sleeve-over installations
- Aluminum rail mount brackets provide a safe and secure, metal-to-metal rail-to-post connection for greater strength and longevity
- Features "on-center" post spacing
- Suitable for residential and commercial applications – including multifamily and over three story installations
- Canadian railing code compliant up to 8' span for exterior guard rail system for one- and two-family dwellings
- Independent tested as designated in report CCRR-0187
- Meets IBC standards for building safety
- Class A flame-spread rating
- Lifetime limited transferable warranty with 5-year SureStart™ protection
- Choice of four baluster styles: square, classic (white and almond only), glass (clear or smoked), and round aluminum
- Available in two heights and three lengths
- Available in six colors: white, almond, clay, warm spice, rustic rose and black

Color Note: When installing dark colored product, keep stored in a shady/colder area and out of direct sunlight prior to installation.
4" x 4" Post caps

Solar Accent Lighting
These solar powered lights have extremely efficient LED circuits powered by two rechargeable batteries. They are easy to install, are low maintenance, environmentally friendly and perfect for remote locations as they require no electricity. The taller solar post caps will fit 4" x 4" and 5" x 5" posts.

Solar Post Caps

Solar Wedge

Batteries are included with all solar caps and wedge lights.
Railing Accessories

REINFORCED GATE KITS

EverNew Gate Kits

EverNew gates feature a heavy-duty internal aluminum frame for sturdy construction that’s built to last and stainless steel fasteners to prevent corrosion.

- Available for Oxford and Kingston railing systems
- Kit includes all parts needed to build a railing gate up to 60” wide
- Aluminum reinforced uprights and rectangular rails
  - Balusters
  - Upright caps
  - Stainless steel screws
  - Black nylon gate hinges (self closing)
  - Latch

Aluminum Handrail Component System

- Complies with ADA (Americans with Disabilities Act) requirements for grippable handrails
- Ideal for use with EverNew railing systems
- Installs easily on site with no preformed fittings
- Unique adjustable joiners accommodates any transition – 0˚ to 90˚ bends
- Aluminum construction reduces bowing and provides enduring strength
- Safe for stair and ramp applications
- Continuous handrail runs
- 1-1/2” diameter gripping area
- Virtually maintenance free
- Lifetime limited warranty
- Functional finishing touches: post and wall returns, end caps, return loops and a convenient straight joiner
- EZ Set bracket kit available for attachment to routed system

Handrail Component System

1. 1-1/2” diameter end cap
2. Straight aluminum joiner
3. Straight wall return
4. Adjustable aluminum internal joiner
5. 1-1/2” OD ADA 180˚ return loop
6. 1-1/2” OD - 90˚ corner - includes two 3” aluminum joiners
7. 1-1/2” OD - 90˚ wall return - includes 3” aluminum joiner
8. 1-1/2” OD x 80” handrail
9. 1-1/2” OD x 104” handrail
10. 1-1/2” OD x 120” handrail
11. Handrail bracket assembly
12. Handrail EZ Post attachment kit
13. Handrail joint ring
14. Inside corner bracket
15. Adjustable aluminum external joiner

Note: Handrail depicted is not free standing and must be anchored to walls or guardrail using handrail bracket assembly (74028/74029). Space a maximum of 6’ on center and as close as possible to both sides of any joint. (ADA compliant at 6ft spans)

**UnderShield® creates new possibilities for your home.**

A beautiful deck is easy to love, from the top. Now, you can love your deck from underneath as well, with the beautiful possibilities of UnderShield®. A unique, vinyl shield and ceiling system, UnderShield turns an unsightly deck underside into a dry, beautiful ceiling, creating limitless options for new exterior living spaces.

- Easy to install adjustable grid system
- Installs under the deck joist
- No need to worry if the framing is 12” or 16” on-center
- No concern with bracing between joists
- Panel hook system creates a tight and secure panel lock
- Concealed clip system
- Stainless steel hardware provides security and lasting performance
- High quality vinyl panels available in 6” x 16’
- Helps maintain the required ventilation under the deck for most composite deck boards
- Suitable for one- and two-story residential applications
- Class A flame-spread rating
- Lifetime limited warranty
- Low maintenance
- Choice of two panel styles: beaded or chamfer
- Available in two colors: colonial white or savannah wicker

UnderShield is available in beaded or chamfer panels (A). System also includes clips (B), grid system (C), fascia panels and stainless steel hardware (not shown).

Under the deck is a perfect area for storage of frequently used outdoor toys, lawn and garden equipment and more.

As precipitation drips between deck boards it is collected directly below by UnderShield and diverted away leaving a dry space under your deck.

(Gutter sold separately. Not a CertainTeed product.)

Water droplets on the panel surfaces may appear for various reasons including, but not limited to, dirt, debris build-up and normal condensation.
The CertainTeed Structural Porch Posts, Columns and finishing accessories complement any project, no matter which railing style or system is chosen.

- Pivoting mounting plate for easy installation of porch post
- Aluminum reinforced for rigidity and strength
- Load bearing
- Tie-down connection of porch post eliminates need for separate hurricane tie-down kit
- No overhead jacking required
- Class A flame-spread rating

Designed to coordinate with CertainTeed’s vinyl decking and railing products, Certa-Snap® Wrap delivers all of the low-maintenance benefits of vinyl posts without having to replace existing wood porch posts.

- Specially designed for existing wood posts
- 8-piece system — 4 vinyl post sections plus 4 corner trim pieces
- Components snap together for easy installation
- Available 4” x 4”, 6” x 6”, or 8” x 8” in 10’ lengths — can be field cut to any length
- 4-piece post trim for top and bottom sold separately
- Class A flame-spread rating
