CertainTeed
FLINTLASTIC® SA
SELF-ADHERED MODIFIED BITUMEN ROOF SYSTEM
Flintlastic® SA delivers the reliable protection of traditional modified bitumen roofing for a fraction of the labor, plus:

- No kettle, fumes, or burn risk
- No torch or risk of fire
- Reduced training requirement
- No building occupant disturbance
- No mess or side lap bleed out
- Reduced insurance requirement

Aesthetic Selection

Flintlastic SA Cap is available in ten colors designed and engineered to match our most popular shingle blends:

- Burnt Sienna
- Mojave Tan
- Colonial Slate
- Resawn Shake
- CoolStar
- Terra Cotta
- Heather Blend
- Weathered Wood
- Moire Black
- White

* Does not contain red granules

Meet the Family

Select the Flintlastic SA base, ply (optional) and cap sheet combination that meets your building, performance and warranty needs:

**Flintlastic SA NailBase**
Nailable base sheet for plywood/OSB or lightweight insulating concrete

**Flintlastic SA PlyBase**
Self-adhering base sheet or interply

**Flintlastic SA MidPly**
Premium self-adhering base sheet or interply, for extended warranties

**Flintlastic SA Cap**
Workhorse cap sheet

**Flintlastic SA Cap FR**
Fire and impact resistant cap sheet

Don’t forget the tools and accessories!

- **70 lb. roller**, for field application
- **FlintPrime® SA & FlintPrime Aerosol primer**, for applicable substrates and metal details
- **FlintBond® SBS-Modified Adhesive**
  - **Trowel Grade**, for endlaps and details
  - **Caulk Grade**, for details
