

CertainTeed CertaWrap™

Weather Resistant Barrier

Top 10 Reasons to Choose CertainTeed CertaWrap™

1. THE COMPLETE CERTAWALL WEATHER DETERRENCE SYSTEM™

CertaWrap is a key component of the CertaWall Weather Deterrence System, a complete system of CertainTeed components that also includes gypsum, vapor retarder, insulation, and siding. The CertaWall Weather Deterrence System delivers protection from the elements, energy efficiency, long-term performance and a high level of customer satisfaction.

2. THE INDUSTRY'S MOST COMPREHENSIVE WARRANTY

Peace of mind is a great advantage. That's what you get with CertaWrap. CertainTeed backs CertaWrap with an exceptional package of performance warranties. This includes a Limited Lifetime Warranty, plus the added coverage of CertainTeed's exclusive 10-Year SureStart™ Labor protection. For complete warranty details, visit www.certainteed.com.

3. THE BEST DEFENSE AGAINST MOLD, MILDEW AND WATER DAMAGE

The CertaWrap Weather Barrier System offers superior breathability, water resistance and vapor permeance. This combination of properties provides a highly effective defense against mold, mildew and water damage during and after construction.

4. SUPERIOR AIR HOLDOUT FOR BETTER ENERGY EFFICIENCY

CertaWrap helps reduce heating and cooling costs by preventing air infiltration and leakage through gaps, cracks or holes, resulting in better energy efficiency. As a Type I air barrier, CertaWrap can be used in both residential and light commercial applications.

5. OUTSTANDING UV PERFORMANCE

CertaWrap's coating and fibers incorporate UV inhibitors. This provides ultimate protection against ultra-violet rays that can damage weather barrier while it is exposed during construction.

6. EXCELLENT SURFACTANT RESISTANCE

Surfactants from soaps and power washing, and oils and tannins from OSB products, can damage the wall system's ability to block bulk moisture. CertaWrap reduces these damaging effects.

7. DOUBLE-STRENGTH TEAR RESISTANCE

Because it won't easily rip or puncture, CertaWrap withstands the rigors of the job site better than any other housewrap on the market. In fact, CertaWrap performs at twice the industry standard for tear strength.

8. EASY HANDLING AND INSTALLATION WITH STUDFINDER™

An accurate installation is essential for ultimate performance. With CertaWrap, it's easy. That's because CertaWrap comes with CertainTeed's patented STUdfinder™ Installation System, providing a built-in guide for accurate nailing.

9. ENVIRONMENTAL SUSTAINABILITY

While protecting homes, CertaWrap helps protect the planet. Made from recycled products, CertaWrap contributes to energy efficiency and helps professionals earn credits for NGBS National Green Building Standards.

10. CERTAINTEED - OVER 100 YEARS OF BUILDING PRODUCTS LEADERSHIP

CertainTeed Vinyl & Polymer Siding is manufactured by CertainTeed Corporation, one of the nation's largest and most respected building products manufacturers. Founded in 1904 and headquartered in Valley Forge, Pennsylvania, **CertainTeed is a subsidiary of Saint-Gobain, the world's largest manufacturer of building materials.** CertainTeed products are consistently ranked number one in brand recognition and brand use by architects, builders, contractors and remodelers.
