

Integrity Roof System™

PROTECT YOUR HOME

CertainTeed
SAINT-GOBAIN

The System Works

Benefits of the CertainTeed Integrity Roof System™

A superior roof is stronger than the sum of its parts

The Integrity Roof System is designed to provide optimum performance, day after day, year after year. After all, better quality shingles mean longer-lasting roofs. Add in underlayments, accessory products, and ventilation all working together to build a roof system that really works.

When you choose an Integrity Roof System you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components. If different brands of products are installed on your roof, then you do not gain the full value of a complete roof system.

Insist upon the Integrity Roof System and get the ultimate in roof performance!

1. Waterproof Underlayment

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams

2. Water-resistant Underlayment

High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks

3. Starter Shingles

Perfect starts every time and designed to work in tandem with the roof shingles above

4. Roof Shingles

Choose the best, covered by the strongest warranty in the business

5. Hip & Ridge Caps

Perfect finish for hip and ridge lines, complementing all CertainTeed shingles

6. Roof Ventilation

Engineered for ideal roof ventilation especially when matched with CertainTeed Intake Vents

Flat Roofs

CertainTeed Flintlastic® roofing products are also available for flat roof areas

Products that perform.

CertainTeed has all of the products you need to make the Integrity Roof System work for you. From the edges to the hips and ridges. From the underlayment to the finished surface. CertainTeed products work together to ensure the system performs at the highest level.
