

Lite Fill and Finish

Loading and Finishing Compound

Versatile, Easy and Smooth

Great choice for standard residential *and* commercial drywall applications.

A lightweight drywall joint compound which features superior workability and slip performance for all stages of finishing. The ease of application creates an exceptional smooth finish with minimal imperfections. It is also easy to sand and bundled with minimum shrinkage, makes it the top choice of taping crews.

- Ready-mixed
- Superior workability
- Minimal shrinkage
- Smooth finish
- Easy to Sand
