PRESIDENTIAL® SERIES

Luxury Roofing Shingles
When you’re an innovator, people take notice. And when the first-of-its-kind becomes a top choice in the industry, the industry follows.

The Presidential Series is the original luxury shingle series created to replicate the appearance of hand-split cedar shakes in the form of premium roofing asphalt.

Presidential Shake® TL
Presidential Shake®

EXECUTIVE STYLE IN A TRUE ORIGINAL

The shade, texture and rustic sculpted edges of each Presidential Series shingle combines to create a sophisticated design that stands far above the rest.

THE LOOK OF WOOD, MINUS THE WORRY

Presidential Series shingles are less costly than cedar shakes, but the benefits don’t end there. Unlike wood, these shingles will not rot, and offer the industry’s highest fire resistance rating. Plus, with the ultimate in stain protection, CertainTeed’s StreakFighter technology uses the power of science to repel algae before it can take hold and spread. StreakFighter’s granular blend includes naturally algae-resistant copper to combat the ugly black streaking caused by algae and help your roof maintain its beauty for years to come.

PEACE OF MIND

 CertainTeed’s lifetime limited asphalt shingle warranty is an industry-best, covering ANY manufacturing defect, including aesthetic defects.
PRESIDENTIAL SHAKE® TL COLOR PALETTE

Aged Bark   Autumn Blend   Charcoal Black
The WOW Effect

PRESIDENTIAL SHAKE® TL

Luxurious performance that defines an industry. It doesn’t come along often, but when you see it, you know it.

- With three layers of material, Presidential Shake TL is the industry’s thickest, toughest and heaviest shingle
- Sculpted tabs provide the unique, rustic beauty of hand-split cedar shake roofing
- A wealth of colors capable of achieving any design vision
Presidential Shake, shown in Aged Bark

Presidential Shake® Color Palette

Aged Bark  Autumn Blend  Charcoal Black
The founding father of wood shake replicas, Presidential Shake established it all. The top tier performance of asphalt, the curb appeal of hand-split cedar shake roofing, and the unwavering quality of CertainTeed.

- An intricate shingle design that creates an architecturally beautiful roof
- A rich color palette to enhance and complement any home exterior
- Less expensive than real wood shake, and practically maintenance free
PRESIDENTIAL SHAKE® TL

- Triple-layer protection
- Distinctive sculpted, rustic look
- Industry-best lifetime limited warranty

PRESIDENTIAL SHAKE®

- Dual-layer, high performance
- Distinctive sculpted, rustic look
- Industry-best lifetime limited warranty

*See actual warranty for specific details and limitations.*
Those streaks you see on other roofs in your neighborhood? That’s algae, and it’s a common eyesore on roofing throughout North America. CertainTeed’s StreakFighter technology uses the power of science to repel algae before it can take hold and spread. StreakFighter’s granular blend includes naturally algae-resistant copper, helping your roof maintain its curb appeal and look beautiful for years to come.

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.

CertainTeed offers Mountain Ridge, an accessory product used for capping hips and ridges. It is the perfect finishing touch for your roof, offering blended color and high-profile design. For the best performance, CertainTeed Presidential Starter is required to be used with these shingles.
Integrity Roof System™
A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.

It all starts with CertainTeed’s broad line of shingles, featuring brilliant color blends, dramatic styles and shadow lines, and the strongest warranties in the industry. The right shingle can mean the difference between an average, everyday look or a beautiful roof that’s the talk of the neighborhood.

Shingles are just the beginning – to keep your new roof performing and looking great for years to come it takes a complete CertainTeed Integrity Roof System approach.

1. **Waterproofing Underlayment**
   The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. **Water-Resistant Underlayment**
   Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. **Starter Shingles**
   Starter Shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. **Shingles**
   Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. **Hip & Ridge Caps**
   Available in numerous profiles, these accessories are used on the roof’s hip and ridge lines for a distinctive finishing touch to your new roof.

6. **Ventilation**
   A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with Intake Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.
