

## SAFETY DATA SHEET

### Section 1: Identification

**1.1 Product identifier:**

CertainTeed Coated Glass Mat

**1.2 Recommended Uses:**

Coated fiberglass mat for construction board products

Restrictions on use: None identified

**1.3 Supplier:**

CertainTeed Gypsum, Inc.

20 Moores Road

Malvern, PA 19355

Web Site: [www.certainteed.com](http://www.certainteed.com)

**1.4 Emergency telephone number:**

In case of an emergency call 1-888-255-3924 (24 hours)

### Section 2: Hazards Identification

**2.1 Classification:**

Not classified under any hazard class according to US Hazard Communication Standard (HCS 2012)

**2.2 Label elements:**

Not classified, no label elements assigned.

**2.3 Other hazards:**

Solid composite article. Coated fiberglass mat products do not present an inhalation, ingestion, or contact health hazard unless subjected to mechanical processing which may result in exposed glass fibers and the generation of airborne dust or particulate. Glass fibers are irritating to the skin by mechanical action.

This SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

### Section 3: Composition/Information on Ingredients

<u>Chemical Name</u>	<u>CAS RN®</u>	<u>% (wt./wt.)</u>
Continuous filament glass mat (Fiberglass mat)	65997-17-3	1 - 2
Non-hazardous Cured polymer resin	Not available - mixture	10 - 30

### Section 4: First-Aid Measures

**4.1 Description of first-aid measures:**

**Inhalation:** If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. If exposed or concerned: Get medical advice.

**Eye Contact:** If in eyes: rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If irritation persists get medical attention. DO NOT attempt to manually remove anything stuck to the eye.

**Skin Contact:** If on skin, wash with plenty of soap and water. If skin irritation or rash occurs get medical advice. Take off contaminated clothing and wash it before reuse.

**Ingestion:** If exposed or concerned: Get medical advice.

**4.2 Most important symptoms / effects acute and delayed:**

**Inhalation:** Breathing dusts from cutting or sawing may cause mild, temporary irritation to the upper respiratory tract; symptoms of exposure may include sneezing, coughing and sore throat.

**Eye Contact:** Dust particles may cause irritation as an abrasive in the eye.

**Skin Contact:** May be irritating to the skin as an abrasive or mechanical irritation from glass fibers.

## SAFETY DATA SHEET

### 4.2 Most important symptoms / effects acute and delayed:

**Ingestion:** Swallowing is not expected under normal conditions of use. If swallowed, may cause gastrointestinal discomfort.

### 4.3 Indication of any immediate medical attention and special treatment needed:

Not applicable

## Section 5: Fire-fighting Measures

### 5.1 Extinguishing media:

Use water and other extinguishing media appropriate to the surrounding fire conditions.

### 5.2 Specific hazards arising from the product:

Product is not flammable and does not support combustion.

Under fire conditions product may decompose into polymer fragments, nitrogen oxides, sulfur oxides, carbon monoxide and carbon dioxide.

### 5.3 Special protective equipment and precautions for fire-fighters:

As for any fire, evacuate the area and fight the fire from a safe distance. Firefighters must wear full protective equipment including self-contained breathing apparatus with chemical protection clothing when firefighters are exposed to decomposition products from this material.

## Section 6: Accidental Release Measures

### 6.1 Personal precautions, protective equipment and emergency procedures:

Wear adequate gloves and other personal protective equipment, as indicated in Section 8.

### 6.2 Environmental precautions:

Prevent releases into the environment.

### 6.3 Methods and material for containment and cleaning up:

Pick up or scoop spilled material and place in an appropriate container for re-use or disposal.

## Section 7: Handling and Storage

### 7.1 Precautions for safe handling:

Minimize dust generation and accumulation.

Avoid breathing dusts.

Wear protective gloves. Launder contaminated work clothing before re-wearing

Wear face protection during cutting and sawing.

Do not eat, drink or smoke in work areas.

Wash hands thoroughly after handling this material.

### 7.2 Conditions for safe storage, including any incompatibilities:

Store in dry condition, protected from weather and out of direct sunlight.

Keep out of reach of children.

## SAFETY DATA SHEET

### Section 8: Exposure Controls / Personal Protection

#### 8.1 Control parameters:

**Occupational Exposure Limits:** Consult local authorities for state or province specific exposure limits.

Chemical name	ACGIH® TLV®	U.S. OSHA PEL	Other Exposure Limits
Fiberglass Mat – Synthetic Vitreous Fibers	5 mg/m <sup>3</sup> (inhalable) 1 f/cc (respirable fibers)	15 mg/m <sup>3</sup> (total dust) 5 mg/m <sup>3</sup> (respirable)	NIOSH REL : 3 fibers/cm <sup>3</sup> (fibers ≤ 3.5 µm in diameter & ≥ 10 µm in length) TWA 5 mg/m <sup>3</sup> (total)

#### 8.2 Exposure controls:

**Engineering Controls:** General ventilation is adequate for application of product in its original form. If airborne particulates are generated, monitor dust concentrations in air and provide local exhaust ventilation sufficient to keep exposure to dust below the applicable exposure limits in the jurisdiction.

**Eye/Face Protection:** Not required but it is good practice to wear safety glasses or chemical safety goggles.

**Skin Protection:** Cut-resistant work gloves are recommended when handling this product due to the potential for cuts and abrasions from the rough edges of the product. Wear protective clothing as needed to protect skin from abrasion in contact with fibrous glass. Launder contaminated clothing before re-wearing.

**Respiratory Protection:** When dust concentrations in air exceed the occupational exposure guidelines, always take the following precautions:

- Wear a NIOSH approved dust respirator.
- Maintain adequate ventilation and air circulation.
- Warn others in the area.

A respiratory protection program that meets the regulatory requirement, such as ANSI Z88.2 or Canadian Standards Association (CSA) Standard Z94.4, must be followed whenever workplace conditions warrant a respirator's use.

**Other Protection:** Not available

### Section 9: Physical and Chemical Properties

#### 9.1 Information on basic physical and chemical properties:

<b>Appearance:</b>	Solid. White to pale yellow coated fiberglass mat.
<b>Odor:</b>	Odorless
<b>Odor threshold:</b>	Not applicable
<b>pH:</b>	Not applicable
<b>Melting point/freezing point:</b>	82°C (melting) for the polymer coating
<b>Initial boiling point and boiling range:</b>	Not applicable
<b>Flash point:</b>	Not applicable
<b>Flammability (solids, gases):</b>	Not flammable
<b>Auto-ignition temperature:</b>	Not available
<b>Upper/lower flammability or explosive limits:</b>	Not applicable
<b>Evaporation rate:</b>	Not applicable
<b>Vapor pressure:</b>	Not applicable
<b>Vapor density:</b>	Not applicable
<b>Relative density:</b>	2.6 – 2.7 (water = 1) for the glass mat
<b>Solubility (ies):</b>	Insoluble in water
<b>Partition coefficient (n-octanol/water):</b>	Not applicable
<b>Decomposition temperature:</b>	>300°C (573°F) for binders and polymer coating
<b>Viscosity:</b>	Not applicable

## SAFETY DATA SHEET

### Section 10: Stability and Reactivity

**10.1 Reactivity:**

Not classified for reactivity hazards.

**10.2 Chemical Stability:**

Stable at normal ambient and anticipated storage and handling conditions.

**10.3 Possibility of Hazardous Reactions:**

None known.

**10.4 Conditions to Avoid:**

None known.

**10.5 Incompatible Materials:**

None known.

**10.6 Hazardous Decomposition Products:**

Thermal decomposition of polymer coating at >300°C (573°F) may release trace amounts of acetaldehyde and /or formaldehyde gas.

### Section 11: Toxicological Information

**11.1 Likely routes of exposure**

Skin contact

**11.2 Acute toxicity**

Inhalation: Data not available. None of the component substances are considered toxic or harmful by inhalation.

Ingestion: Data not available. None of the component substances are considered toxic or harmful if swallowed.

Skin: Data not available. None of the component substances are absorbed through the skin.

**11.3 Acute toxicity data:**

Acute Toxicology data are not available for this solid article.

**11.4 Skin corrosion / irritation**

Data not available. Contact with glass fibers released from this product can be irritating to the skin.

**11.5 Serious eye damage / irritation**

Particulates in the eye may cause irritation by mechanical action.

**11.6 STOT (Specific Target Organ Toxicity) – Single exposure**

Data not available. Inhaling high concentrations of dust, during installation of product, may cause coughing and mild, temporary irritation.

**11.7 STOT (Specific Target Organ Toxicity) – Repeated exposure**

Data not available.

**11.8 Aspiration hazard**

Does not meet criteria for classification for aspiration toxicity.

**11.9 Sensitization - respiratory and/or skin**

Not known to be a skin or respiratory sensitizer.

**11.10 Carcinogenicity**

No ingredients of this product have been evaluated for carcinogenicity by the International Agency for Research on Cancer (IARC) or the American Conference of Governmental Industrial Hygienists (ACGIH®).

Occupational exposures to Synthetic vitreous glass fibers

IARC - Group 3: Not classifiable as to its carcinogenicity in humans

ACGIH® - A4: Not Classifiable as a Human Carcinogen

**11.11 Reproductive toxicity**

Data not available

**11.12 Germ cell mutagenicity**

Data not available

## SAFETY DATA SHEET

### 11.13 Interactive effects

Data not available

## Section 12: Ecological Information

### 12.1 Toxicity:

Ecotoxicity data are not available.

### 12.2 Persistence and degradability:

Not available

### 12.3 Bioaccumulative potential:

Not available

### 12.4 Mobility in soil:

Not available

### 12.5 Other adverse effects:

Not available

## Section 13: Disposal Considerations

### 13.1 Disposal methods:

Do NOT discharge into any sewers, on the ground or into any body of water. Store material for disposal as indicated in Section 7 Handling and Storage.

The required hazard evaluation of the waste and compliance with the applicable hazardous waste laws are the responsibility of the user. Dispose of contents/container in accordance with local, regional, national and international regulations.

## Section 14: Transport Information

### 14.1 UN Number

Not regulated by international transport regulations (IMDG, UN Model Regulations).

### 14.2 UN proper shipping name

Not applicable

### 14.3 Transport hazard class(es)

Not applicable

### 14.4 Packing group

Not applicable

### 14.5 Environmental hazards

Not available

### 14.6 Special precautions for user

Not available

### 14.7 U.S. Hazardous Materials Regulation (DOT 49CFR):

Not regulated

### 14.8 Canada Transportation of Dangerous Goods (TDG) Regulations:

Not regulated

## SAFETY DATA SHEET

### Section 15: Regulatory Information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture USA

**TSCA Status:** Substances are listed on the TSCA inventory or are exempt.

**California Prop 65:**

This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.  
For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

#### Canada

**NSNR Status:** Component substances are listed on the on the DSL or are exempt.

### Section 16: Other Information

**Revision date:**

November 23, 2018

**Revision details:**

Revisions since previous version June 2015: California Prop 65 Section 15.

**References and sources for data:**
