Make a lasting impression on your home.

Not all polymer sidings are equal. Cedar Impressions high performance features such as reinforced nail slots, Molded Perimeter Lock™ and HammerTapper™ ensure you enjoy the beauty and performance for many carefree years. In fact, CertainTeed, a building industry leader for over 100 years, offers a lifetime limited warranty on all Cedar Impressions products.
Wrap your home in authentic textures and colors.

Cedar Impressions TrueTexture™ finish is molded from real cedar shingles. Choose from the historic character of sawmill shingles, the distinctive beauty of perfection shingles or the rustic charm of rough-split shakes. With a wide selection of deep shades and popular neutrals, Cedar Impressions also features the industry’s first natural looking blended color throughout.
Curb appeal is an important consideration for home buyers when it comes to home exteriors.

Good curb appeal can add 20% to the value of your home.

**The Power of Color**

Approximately 80% of what we absorb through the senses is visual, and color has the ability to distinctly influence our feelings and emotions in a unique way.

**Interior color decisions are far easier than exterior color decisions**

- 60% consumers are highly confident in picking interior colors
- 40% consumers are highly confident in picking exterior colors

**When making exterior color decisions...**

- 50% say “I trust my own visual instincts, my #1 influence.”
- 40% say “Magazines, TV shows and design websites are one of my biggest influences.”
- 10% say “Neighbors, contractors, architects and other sources are influences.”

**Today’s intelligent homeowners**

- Understand that colors must work with neighborhood style and architectural style of the home
- Want small “pops” of color to lend personality and exhibit their style
- Want color coordination with hardscapes and landscapes
- Want to stand out “tastefully”
- Seek a “cohesive character” for their home, but are often perplexed on how to achieve it

Maximum character. Minimum care.

A home sided with natural cedar shingles has a character all its own. But, this character comes with a price for upkeep. Continual expenditures of time and money will be necessary as wood ages and weathers. With Cedar Impressions Shingles and Shakes maximum character is maintained with minimum care, retaining consistent color and resisting mold and mildew.

Better than wood.

REAL CEDAR SHINGLES WEATHER
A home’s exterior walls will be affected by weather patterns coming from the north, south, east or west. This can cause cedar shingles to weather inconsistently from one side of a home to another.

REAL CEDAR SHINGLES REQUIRE MAINTENANCE
Real cedar shingles must be stained or bleached to prevent discoloration. These treatments will need to be repeated over time. Cedar Impressions stays beautiful and consistent in color on all sides of the home and without continual maintenance.
Lower Cost
Natural cedar is one of the most expensive siding materials and is costly to maintain and repair. Cedar Impressions offers an alternative that requires very little maintenance, significantly reducing long-term costs.

Higher Durability
Over time, the effects of weather and age can cause wood to split, warp, buckle, crack and rot. Cedar Impressions is engineered to retain its like-new appearance and outstanding durability for years to come.

Pest-Free
Wood is a natural attraction for insects and other pests that can cause damage to cedar siding and become a nuisance around the home. Cedar Impressions offers a solution to this problem.

CEDAR IMPRESSIONS SHINGLES RETAIN CONSISTENT COLOR AND RESIST MOLD AND MILDEW.
Cedar Impressions is better...

...for lasting quality.

The Cedar Impressions family of shingles and shakes is built to last. Extra thick siding panels have reinforced nail slots and molded locks to allow seamless and secure connections that withstand hurricane force winds. Ribs on the back of panels and shingles protect against warping, cupping or distortion. All Cedar Impressions products are manufactured from high-quality polymer materials in the U.S.A.

Color Confidence Tools
www.certainteed.com/colortools
Look for color palette ideas in your surroundings, including landscaping, trees and gardens in your neighborhood and the larger area where you live. The colors you pick for your interior walls can also influence your exterior walls.

2
You may be inspired by your neighbors’ color schemes, but it is a good idea to avoid copying them exactly and best to create your own unique combination that sets your home apart. In most cases, you want your home to fit in but not clash with nearby buildings.

3
You need to first consider the appearance of any features on the home that will remain unchanged and harmonize your siding color with them. This includes roofing, masonry, stone, stairways, doors, etc.

4
If your home’s architectural style is very distinct (Colonial, Greek Revival, etc.) you will get best results if your color selection and treatment complements its original design.
