COOL ROOFS

Good, Better, Best Selections
Good:

LANDMARK®
Classic shades and dimensional appearance of natural wood or slate.

LANDMARK SOLARIS®
A subtle color palette featuring soft earth tones.

Better:

LANDMARK SOLARIS® GOLD
Look deeper. With Landmark Solaris Gold, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty, authentic color and style shines through.

LANDMARK® PRO
Landmark Pro is a heavier weight laminate designed specifically for the professional roofing contractor that takes pride in providing more to their customer. Landmark Pro improves upon the CertainTeed Landmark shingle, a leading consumer publication’s “Best Buy” for the past five years.

NORTHGATE®
NorthGate® is designed to endure harsh, cold-weather elements affronting the roof. The new shingle’s SBS composition allows it to remain flexible at temperatures as low as 0°F, making it easier to install in cold climates.

Plus, the two-piece laminated fiberglass-based shingle meets the requirements of UL 2218 Class 4 for impact resistance – the highest rating possible.
LANDMARK SOLARIS® PLATINUM
With Landmark Solaris Platinum, you get a fresh, bright color palette but with an industry-leading solar reflectance value of over 40%.

PRESIDENTIAL SOLARIS® GOLD
Presidential Solaris Gold is a solar reflective asphalt roofing that is designed to replicate the look of authentic wood shakes, delivering the charm of hand-split wood shakes with durability and strength that outperforms wood. The rich mixture of surface granules adds a new dimension to the shingle.

ARCADIA SHAKE®
Arcadia Shake offers homeowners an artisan look at a price that makes it the smart choice for protecting and beautifying their home.

PRESIDIO® Metal Roofing
Presidio metal roofing replicates the charm of classical roofing materials with lightweight steel achieving exceptional wind/hail resistance and solar reflectance.

Presidio Metal Roofing
The CertainTeed Cool Roof Shingle Collection is a brilliant breakthrough that puts cool roof technology to work for you. Plus, our palette of rich, authentic colors makes it an easy choice for eco-friendly living.

The secret is in CertainTeed’s advanced roofing granules that reflect solar energy and radiant heat far better than traditional roofing shingles, reducing your roof’s temperature in the summer.

Choose from three spectacular solar shingle line-ups.

**Good:** Landmark® and Landmark Solaris®

**Better:** Landmark Solaris® Gold, Landmark Pro® and NorthGate®

**Best:** Landmark Solaris® Platinum, with an industry-leading solar reflectance value of over 40%, Presidential Solaris® Gold, Arcadia Shake® and Presidio® metal roofing.

CertainTeed Cool Roof Shingles are ecologically smart, beautifully durable, and architecturally ideal for sunny climates or anywhere solar heat is a challenge.
