Safety Data Sheet

Section 1: Identification

Product identifier

Product Name • Cellular PVC Trim CT10085-3
Synonyms • CertaTrim; Restoration Millwork

Relevant identified uses of the substance or mixture and uses advised against

Recommended use • Consult manufacturer for the recommended product use

Details of the supplier of the safety data sheet

Manufacturer • CertainTeed Siding Products Group
20 Moores Road
Malvern, PA 19355
United States

Telephone (General) • 610-893-6000

Emergency telephone number

Manufacturer • 1-800-424-9300 - CHEMTREC - US/Canada
Manufacturer • +01 703-527-3887 - CHEMTREC - International

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture

OSHA HCS 2012 • Not classified

Label elements

OSHA HCS 2012

Hazard statements • No label element(s) required

Other hazards

OSHA HCS 2012 • Under United States Regulations (29 CFR 1910.1200(c) - Hazard Communication Standard), the product(s) listed above are exempt as article(s) under stated normal conditions of use.

Other information

• As an article this material does not legally require an SDS.

Section 3 - Composition/Information on Ingredients

Substances

Preparation Date: 20/February/2009
Revision Date: 01/August/2016

Format: GHS Language: English (US)
OSHA HCS 2012

Page 1 of 7
• Material does not meet the criteria of a substance.

Section 4: First-Aid Measures

Description of first aid measures

**Inhalation**
- First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If signs/symptoms develop, move person to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing. If signs/symptoms continue, get medical attention.

**Skin**
- First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. Wash skin with soap and water. If signs/symptoms develop, get medical attention.

**Eye**
- First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If contact with material occurs flush eyes with water. If signs/symptoms develop, get medical attention.

**Ingestion**
- First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If swallowed, DO NOT induce vomiting. Get medical attention.

Most important symptoms and effects, both acute and delayed
- Under normal conditions of use, no health effects are expected.

Indication of any immediate medical attention and special treatment needed
- No specific actions or treatments recommended related to exposure to this material.

Notes to Physician
- No specific actions or treatments recommended related to exposure to this material.

Section 5: Fire-Fighting Measures

**Extinguishing media**

**Suitable Extinguishing Media**
- In case of fire use media as appropriate for surrounding fire.

**Unsuitable Extinguishing Media**
- No data available

Special hazards arising from the substance or mixture

**Unusual Fire and Explosion Hazards**
- None expected.

**Hazardous Combustion Products**
- The decomposition products from this material are those that would be expected from any organic (carbon-containing) material, and are mainly derived from pyrolysis, or burning, of the polymer. These decomposition products may include carbon dioxide, carbon monoxide, carbon particles, hydrocarbons, chlorine, hydrogen, chloride, phosgene, and formaldehyde. This product should not be burned as construction waste.

Advice for firefighters
- Wear positive pressure self-contained breathing apparatus (SCBA). Structural firefighters' protective clothing will only provide limited protection.
Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions • No special precautions expected to be necessary if material is used under ordinary conditions and as recommended.

Emergency Procedures • No emergency procedures are expected to be necessary if material is used under ordinary conditions as recommended. Use normal clean up procedures.

Environmental precautions • No special precautions necessary.

Methods and material for containment and cleaning up

Containment/Clean-up Measures • Pick up large pieces.
Sweep or vacuum any dust or small pieces.
This product should not be burned as construction waste.

Section 7 - Handling and Storage

Precautions for safe handling

Handling • Use good safety and industrial hygiene practices. Wash hands after handling.

Conditions for safe storage, including any incompatibilities

Storage • Material should be kept dry, and protected from the elements.

Section 8 - Exposure Controls/Personal Protection

Control parameters

Exposure Limits/Guidelines • No applicable exposure limits available for product or components.

Exposure controls

Engineering Measures/Controls • No special ventilation systems are required under normal conditions of use.

Personal Protective Equipment

Respiratory • Under normal conditions of use no special protection is required.

Eye/Face • Safety glasses with side shields should be worn at a minimum when cutting product.

Skin/Body • Wear leather or other appropriate work gloves, as necessary. Normal work clothing (long sleeved shirts and long pants) is recommended.

Environmental Exposure Controls • Follow best practice for site management and disposal of waste.

Section 9 - Physical and Chemical Properties

### Section 10: Stability and Reactivity

**Reactivity**

- No dangerous reaction known under conditions of normal use.

**Chemical stability**

- Stable under normal temperatures and pressures.

**Possibility of hazardous reactions**

- Hazardous polymerization will not occur.

**Conditions to avoid**

- None specified.

**Incompatible materials**

- None specified.

**Hazardous decomposition products**

- The decomposition products from this material are those that would be expected from any organic (carbon-containing) material, and are mainly derived from pyrolysis, or burning, of the polymer. These decomposition products may include carbon dioxide, carbon monoxide, carbon particles, hydrocarbons, chlorine, hydrogen, chloride, phosgene, and formaldehyde.

### Section 11 - Toxicological Information

**Information on toxicological effects**

</tbody>
</table>
Potential Health Effects

Inhalation
- **Acute (Immediate)**: Under normal conditions of use, no health effects are expected.
- **Chronic (Delayed)**: No data available

Skin
- **Acute (Immediate)**: Under normal conditions of use, no health effects are expected.
- **Chronic (Delayed)**: No data available

Eye
- **Acute (Immediate)**: If product is cut, particles may be generated which could cause mechanical irritation to the eyes.
- **Chronic (Delayed)**: No data available

Ingestion
- **Acute (Immediate)**: Under normal conditions of use, no health effects are expected.
- **Chronic (Delayed)**: No data available

Section 12 - Ecological Information

Toxicity
- No information available for the product.

Persistence and degradability
- No information available for the product.

Bioaccumulative potential
- No information available for the product.

Mobility in Soil
- No information available for the product.

Other adverse effects
- No information available for the product.

Section 13 - Disposal Considerations

Waste treatment methods
- **Product waste**: Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
- **Packaging waste**: Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Section 14 - Transport Information

<table>
