The CertainTeed Ceiling Corporation
20 Moores Road
Malvern, PA 19355
800-233-8990

Certificate Code: SCS-COC-006960

Notes:

1. All dimensions are shown for reference and will have to be modified for field installation.

2. Fixtures to be hung independently from ceiling support system. Fixtures may include but are not limited to - light fixtures, HVAC diffusers, sprinkler heads and/or piping, speakers, security cameras, components, etc.

3. Utilize the use of cut-offs where appropriate - product quantities based on partial products being used.

4. Contractor to follow CISCA guidelines for hanging grid system. Our ceilings are heavier than typical ceiling products. Main grid "T" recommended at 2'-0" on center.

5. Our wood ceiling reflected plans will include penetrations of limited light fixtures and HVAC registers only when the size of the wood is impacted. Other penetrations, including but not limited to sprinklers, security cameras audio-visual, etc., will not be included in our drawing set due to the fact that we will not claim understanding and liability of placement or code requirement.

6. Ceiling fixtures shown for reference only - lights and mechanical elements by others.

7. See Product Master Sheets for edge condition details.

8. All products should be reviewed before installation to avoid undesirable visual pattern because of natural color and grain variations.

9. All product field cut must be sealed with a clear sealer or stained then sealed.

10. CertainTeed 15/16" & 9/16" HD T-Bar sold separately visit www.certainteed.com/suspension-systems for more information and purchasing options.

NOTES:

- Dimensions are to be field verified prior to fabrication. Changes in dimensions may result in quantity adjustments.
- Closet stock and spares are not included and must be added to quantity shown if needed.
