Single 7" Reinforced Siding

The future of exterior cladding is here.

With CERTAplank® Reinforced Siding you're getting a product that combines durability and strength with the aesthetics and authentic feeling of real wood. CERTAplank siding is also far lighter, easier to handle, and more weather-resistant than real wood, fiber cement and wood composite siding. On top of that, it has the low cost to install and maintain of vinyl siding and a Lifetime Limited Warranty. With these benefits, CERTAplank outperforms the competition.

Emulates the look and feel of real wood.

Lightweight
 12-foot panels are easy to handle and transport and allow for one person installation.

Fits all Standard 3/4" Accessories
 You have full access to the broadest array of trim available.

Single 7" Exposure
 Wide, flat face recreates the classic look of real wood siding.

Secure Lock
 Post-formed positive lock with RigidForm technology and rollover nail hem.

Colors shown throughout this brochure are as accurate as printing methods will permit. Please see product samples before making final selection.

Reinforced Foam Backer
 Combined with an extra thick panel to create rigidity and durability you'd expect from a hardboard cladding.

Style and color.

CERTAplank Single 7" is a wide, flat face profile that replicates the look of wood siding and is available in 10 low-gloss designer colors in an authentic woodgrain finish. PermaColor™ Lifetime Fade Protection ensures that CERTAplank siding will look new for the life of the product.

Low Maintenance — CERTAplank Single 7" is virtually maintenance free - NO caulking, NO painting. NO touch-up and NO costly maintenance.

On average, **reinforced siding saves time and money**. For example, when comparing the cost of maintaining other siding options or painted exteriors (e.g., 3,000-sq.-ft. multi-story home, professionally painted every 8-10 years)—here's what those savings look like:

\$5

reinforced siding / soap and water

VS

\$3,500-5,000

other siding / paint
