Landmark[®] PRO

Designer Roofing Shingles

The Expert's Choice

Landmark PRO improves upon the reliable CertainTeed Landmark shingle and is designed specifically for the professional roofing contractor that takes pride in providing more to their customer. We started by adding more weathering asphalt to the industry's toughest fiberglass mat to provide more protection. Then we incorporated our Maximum Definition color blend technology to give the product more vibrancy on the roof.

Max Def Colors

Look deeper. With Max Def, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty of your roof shines through.
