

Lite All-Purpose

Joint Compound

Good Workability
and Low Shrinkage

Provides a smooth, seamless
finish for walls and ceilings

Lite All-Purpose joint compound is easy-to-apply and provides excellent coverage. It is suitable for both taping and finishing of wallboard joints, corner trims, and fasteners. It exhibits a strong bond for embedding tape, and provides good workability and low shrinkage for the second and finish coat. It may also be used for patch and repair of plaster walls and hand applied textures. Meets ASTM C475.

- Excellent coverage, easy-to-apply formula
- Lighter than conventional ready-mix
- Minimal mixing and thinning
- Low shrinkage
