Authorized Signature _____

*Credit card will be billed by DataWorks International.

I certify that this roof installation meets or exceeds the requirements of the CertainTeed Integrity Roof System, including but not limited to the roof components installed and the application methods used. Furthermore, I have made a visual inspection of the roof to ensure both standards of workmanship utilized and the appearance of the finished roof comply with CertainTeed application instructions and requirements (requirements stated on the reverse side of registration form). Additionally, I understand that a Customer TrackRecord™ survey will be sent to the property owner.

Contractor Signature _____ Date _____

*See reverse side for Integrity Roof System and SureStart PLUS Coverage details. For more information, please contact CertainTeed at 800-404-9880.

The job-related information on this form should be filled out by the contractor responsible for the work (acting on behalf of the property owner) and he/she must send this form and the required fee to CertainTeed within the specified time period. The property owner will be the beneficiary of the SureStart™ PLUS coverage.

- SureStart PLUS coverage will only be furnished if the installed roof system meets the requirements of an Integrity Roof System™ as defined below.
- This registration and the required fee must be received by CertainTeed within 30 business days of the date of installation.
- Should any part of the information provided on this registration prove to be inaccurate as of the time of installation, SureStart PLUS coverage will be invalidated.
- An approved copy of this registration form will be sent to the contractor within 15 business days of receipt.
- A SureStart PLUS Certificate will be mailed to the property owner.
- Contractor has advised homeowner that continued warranty coverage is contingent on roof payment in full.

In order to qualify for SureStart PLUS extended warranty coverage, the roof system must be installed by a contractor with an up-to-date ShingleMaster™ or SELECT ShingleMaster™ credential, and must meet the Integrity Roof System requirements below. ShingleMasters can offer 3-STAR and 4-STAR Coverage — SELECT ShingleMasters can offer all three levels of coverage. SureStart PLUS extends the duration and coverage of standard SureStart protection for the installed CertainTeed roofing products. For all other warranty features refer to CertainTeed's Limited Asphalt Shingle Warranty in place at the time the shingles were installed (obtain a copy by calling 800-782-8777 or visit www.certainteed.com).

Lifetime Limited Warranty Shingles Coverage	3-STAR Protection 20 years	4-STAR Protection 50 years*	5-STAR 10 Protection 50 years**	5-STAR 25 Protection 50 years**

Disposal		✓	✓	✓
Workmanship			✓***	✓****

NOTE: XT™25 shingles carry 10 years with 3-STAR, 20 years with 4-STAR and 25 years with 5-STAR coverage, including the features as indicated above.

130 mph wind warranty available on lifetime products when special application methods are used.

Fully transferable for 10 years with 3-STAR Coverage, 12 years with 4-STAR Coverage, and 15 years with 5-STAR Coverage; refer to CertainTeed's limited warranty for details on transfers.

*Applies to single-family detached houses. Duration for all other types of structures is limited to 25 years.

**Applies to single-family detached houses. Duration for all other types of structures is limited to 30 years.

***Workmanship is covered for 10 years.

****Workmanship is covered for 25 years.

Low-Slope Roof Sections: If a project being roofed with CertainTeed shingles has a low-slope section 1,000 square feet (10 squares) or less using our Flintlastic® SA modified asphalt self-adhered roof system, or our SMARTCOAT™ liquid-applied roof restoration systems, installed by a CertainTeed Commercial Credentialed contractor, SureStart Plus extends FULL coverage for the duration of the low-slope warranted period, depending on the level of protection you choose. Residential shingles must be a minimum of one and a half times (1.5X) the amount of flat roof submitted. See Low-Slope Residential Limited Warranty for system requirements and warranty durations.

The CertainTeed Integrity Roof System

A shingle roof system will qualify as an Integrity Roof System when all of the following conditions have been met:

All CertainTeed products must be installed in accordance with the CertainTeed Shingle Applicator's Manual (SAM) and applied over a clean, dry deck (lay-over or roof-over installation does not qualify). All SureStart PLUS jobs must be supervised by a Master Shingle Applicator.

Waterproofing Underlayment:

- CertainTeed WinterGuard®, CertainTeed DryRoof® SA, or Grace self-adhered Roof Underlayments are required as follows:
- Must be installed at the eaves if required by local building code, or when the roof system is in a snow zone, or north of the following states: NC, TN, AR, OK, NM and AZ.
- Must be installed at all roof penetrations.
- Must be applied as a valley liner for closed or woven valleys.
- Is recommended as a valley liner for open valleys. Otherwise, open valleys must be installed in accordance with NRCA Roofing Manual specifications.

Shingle Underlayment:

- DiamondDeck, RoofRunner™ or RoofRunner™ Air must be installed.

Starter Course:

- Must be CertainTeed pre-cut starter or made from CertainTeed shingles.

Shingles:

- Must be CertainTeed shingles with a warranty duration of at least 25 years.

Hip and Ridge Caps:

- Must be CertainTeed pre-cut hip and ridge accessory or made from CertainTeed shingles.

Ventilation:

- Must be installed to meet applicable model code requirements or building code standards.
- Must have adequate intake and exhaust vents to achieve proper Net Free Ventilation area.
- If ridge ventilation devices are installed, they must be CertainTeed's Ridge or Rolled Ridge Vents

Low-Slope Sections:

- Flintlastic membranes or SMARTCOAT liquid-applied roof systems must be installed in accordance with most recent published Low-Slope Applicator's Manual.

5-STAR Coverage Additional Requirements:

- Can only be offered by a SELECT ShingleMaster.
- Must be installed by a Master Craftsman™-qualified crew (50% of installers plus all supervisors).
- The 5-STAR Operating Agreement must be signed and registered with CertainTeed before this coverage is sold.
- Installation must conform with the CertainTeed SAM for Master Craftsman required and recommended procedures.
- All metal flashings must be new.
